RAVAGES OF THE WIND

Are Plainly Visible and Damages Amount to Thousands of Dollars.

HOUSES OF WORSHIP DAMAGED.

Angry Elements Seemed to Vent Their Fury On Churches, Many of Which Were Filled With Easter Congregations.

Pittsburg, March 31.—The damage by the storm will probably reach several hundreds of thousands of dollars. The effects of the wind can be seen on all sides. Houses, churches and many large plants unroofed bridges partly dismantled, fences and trees down and trolley, telegraph, telephone and fire alarm wires prostrated.

A remarkable feature of the storm was the number of the churches that were injured. In Pittsburg and Allegheny and the immediate vicinity 11 houses of worship were more or less wrecked, but in only one of them, the Knoxville Presbyterian church, did any casualties result at the latter place, through the chimney coming through the roof, 35 persons were injured.

The local churches damaged are: St. Peter's Protestant Episcopal, Bellefield Presbyterian, St. John the Evangelist, Roman Catholic and Eighth Street Temple of Pittsburg, African Methodist Episcopal and St. Wenceslaus Bohemian Roman Catholic of Allegheny, First English Lutheran and United Presbyterian of Braddock; Knoxville Presbyterian; St. Mary's Roman Catholic, McKees Rocks, and Robinson Run United Presbyterian church, McDonald, Pa.

The casualties as far as have been reported will not number more than 60 people injured, of whom five or six will likely die.

Those probably fatally hurt were injured at Knoxville Presbyterian church, and the Robinson Run United Presbyterian church. The linemen in the employ of the different telegraph and telephone companies, and the bureau of fire and lighting were busy all night getting the systems in working order from the damage sustained during the storm. Lines were down in all directions, but the men at work repairing the damage expected to have the lines in working order before night.

A peculiar feature of the storm was that the weather bureau records show only a maximum velocity of wind of 36 miles an hour.

Colonel Frank Ridgeway, chief of the Pittsburg weather bureau, says it was only a squall, likely to occur at any time this season of the year. The conditions were cyclonic, but where the wind was the strongest its velocity would not exceed 50 or 60 miles an hour.

The weather is blustery and snowy, high winds still prevail, but the velocity is not strong enough to do any more damage.

Dispatches from surrounding towns in western Pennsylvania, eastern Ohio and West Virginia report heavy damage from the storm, but no fatalities.

Harriman Sufferers Provided For.
Harriman, Tenn., March 31.—The flood tide has completely receded in the Emory river here and six of the 12 industries that were invaded by the high water resumed operation. The remaining industries will be running by Thursday it is thought. The aggregate damage is now placed at \$75,000, of which amount Mayor Claude Hendricks states the city will suffer \$1,500. Authentic figures place the number of families affected by the flood at 25. Of these 15 are totally destitute. Ten families lost a portion of their effects. Only three houses were totally destroyed, 22 residences being more or less damaged. The city council has raised a fund of \$600 for the relief of these families and citizens have also made contributions.

Train Service Resumed.
New Orleans, March 31.—Service over the roads which have recently been badly crippled by storm and flood is gradually being resumed. The first through train from the east on the Northeastern since Thursday pulled into the city. Superintendent Curran says the washout track has been repaired. The Mississippi valley and Illinois trains are running again, but are late owing to the slow time made over tracks in the recently flooded district.

Chattanooga, Tenn., March 31.—The Tennessee river at this point is still rising, but the fall will begin in 12 hours. On the Nashville, Chattanooga and St. Louis railroad traffic is still blocked by washouts between Murfreesboro and Tullahoma, but the line will be opened soon. All other railroads have resumed regular schedule.

MURDERER PATRICK

And Mrs. Addie Francis Said to Have Been Married.

New York, March 31.—Albert T. Patrick, convicted last week of murdering the death of Millionaire William Marsh Rice, and now awaiting the death sentence, and Mrs. Addie L. Francis have become husband and wife in the matron's room of the Tombs. A pep stroke did it, despite all measures taken to prevent. The arrangements were so perfectly made, so secretly planned and so cleverly executed that not until the marriage was irrevocably complete were Patrick's guards cognizant that it was even intended.

Mrs. Francis, accompanied by her attorney, her sister and Patrick's father, called at the Tombs and asked for a conference with the prisoner. He was escorted to the matron's room and after a few moments the guard is said to have stepped outside. It is said the wedding contracts were then signed by Patrick and Mrs. Francis in duplicate. Under a law enacted by the legislature a year ago, this form of marriage is lawful when the signing of the contract is witnessed by two persons. To perfect the ceremony it is only necessary to file a copy of the affidavit with a magistrate within six months.

The witnesses to the ceremony were Patrick's father and sister, Miss Emma Patrick. Others present were Patrick's little daughter and Samuel B. Thomas, an attorney who was called in as Mrs. Francis' legal adviser.

Samuel B. Thomas, attorney for Mrs. Francis made the following statement: "As counsel of Mrs. Emma Francis, I advised her that the contract marriage was absolutely valid and binding. Mrs. Francis had been engaged to Patrick since 1898. It was their intention to be married the day of Patrick's acquittal, but after the verdict was against him, his plan could not be carried out. They were married properly and legally, and as his wife, Mrs. Addie Francis Patrick can visit him when he is confined in the death house, which would have been denied her otherwise."

When the contract was presented to the city clerk it was refused, the clerk saying that the statement that the marriage took place at "corner of Center and Leonard street, city of New York," was not definite enough as to place. The clerk suggested that something be produced to show that the contract was prepared in the Tombs or else that the contract should give the street number of that building.

OLARK WINS OUT.

Retirement of Senator Jones From the U. S. Senate.

Little Rock, March 31.—Returns from the Democratic primaries held on Saturday show that ex-Governor James P. Clarke has been endorsed for United States senator, and that Governor Davis has carried 65 out of the 75 counties in the state. At the headquarters of Senator Jones a telegram was received announcing that Washington county, which was supposed to be for Jones, had gone for Clarke by nearly 800 majority.

Clarke will apparently have a majority of 12 on a joint ballot in the legislature.

Dr. Savage Doubts It.

New York, March 31.—Dr. Minot J. Savage, speaking in the Church of the Messiah on the "Abolition of Death," is quoted as having said: "If we propose to be quite honest and frank with ourselves we must admit one fact—that there never since the dawn of Christianity were so many doubting concerning the future life as there are now. If a person asks me whether I think there is satisfactory evidence that the body of Jesus was raised from the dead I must be frank and say I do not. But I believe that Jesus was seen alive after the crucifixion, and out of that belief might easily arise the belief that the body had risen."

Major Waller Testifies.

Manilla, March 31.—Major Littleton W. T. Waller of the marine corps testified in his own behalf at his trial by courtmartial on the charge of killing natives on the island of Samar without trial. He graphically described the hardships the men endured, owing to the treachery of the natives and the attempted robbery of arms, and said he was not aware that the guide, Victor, was a notorious and infamous insurgent captain, who had led insurgents at Basey. Otherwise he would not have allowed Victor to go with the party. The major also said he carried out General Smith's orders entirely, and never went beyond them.

School Teacher Killed.

Indianapolis, March 31.—Miss Kate Kiefer, a school teacher of this city, was run down and killed by a Big Four passenger train while walking along the track to her school. A heavy wind was blowing and she did not hear the engineer's warning.

VOTE ON RECIPROCITY

Ways and Means Committee Decide in Favor of Reporting Cuban Bill.

TWO REPUBLICANS AGAINST SAME.

Messrs. Tawney and Metcalfe Refuse to Cooperate With Their Political Associates on the Famous Cuban Measure.

Washington, March 31.—The ways and means committee voted to report the Cuban reciprocity bill. The vote was 11 to 5. Two Republicans—Tawney and Metcalfe voted against the bill. All amendments were defeated. Hopkins, absent, was recorded as voting for the bill, making the recorded vote 12 to 5.

About 30 Republican members of the house, opposed to Cuban reciprocity, met to determine upon their course, in view of the ways and means committee's action in reporting the Payne bill. It is expected the meeting will determine to carry the contest to the floor of the house.

For Cecil Rhodes' Grave.

London, March 31.—Gardner Williams, manager of the DeBeers mines has left London for South Africa. He says he will arrive in time to attend the last stage of the funeral of Cecil Rhodes. A special road has to be cut to the spot on Metaposs hill, which Mr. Rhodes designated as his final resting place. At present this place can only be reached by a difficult bridge path. Mr. Williams says the burial will not take place for about a month. The grave will be marked by a noble monument to be erected by the dead statesman's personal friends and business colleagues. It is proposed that the gun carriage which bore "Long Cecil" during the siege of Kimberley, and which will convey the body up the steep side of the Matoppos shall be stationed on the summit of the hills as part of the memorial.

Prisoner Amenable to Law.

Houston, Tex., March 31.—An important decision has been handed down by the United States circuit court of appeals in the case of Dan Miller, a minor from Texas, who enlisted in the army at San Antonio without the consent of his parents, deserted, was arrested and is now in jail pending the decision of the court. The matter was regarded so important that special attorneys were sent by the government to argue the case and a precedent is established by the decision. The court holds that the enlistment having been made the prisoner, a soldier notwithstanding his minority, is liable to the military law just as the citizen who is a minor is amenable to the civil law. The parents cannot prevent the law's enforcement in either case.

Seal Skins Seized.

Seattle, Wash., March 31.—About \$50,000 worth of seal skins were seized in this city by the local United States custom officials. The capture was made aboard the schooner J. B. Ward, which arrived some days ago from Unalaska. Two hundred and twenty-six skins were consigned to local houses. They are of the Bering sea product and Deputy Collector Millen thinks they were taken by pelagic sealers. The schooner Ward, however, appears to have no hand in the taking of the seals and that alone, Collector Millen stated, saved her from seizure.

Seeking a Pardon For Rathbone.

Washington, March 31.—Efforts are being made by the friends of Estes G. Rathbone to secure a pardon for him from the sentence of the Havana court. Senator Hanna has requested the president to issue a pardon for Rathbone, but this the latter has declined to do. The president, however, has promised to send for the papers in the case and have them thoroughly reviewed. It is stated that unless he finds something radically wrong he will allow the verdict to stand.

Crack Shots at Kansas City.

Kansas City, March 31.—Almost every wing shot of national importance is here to compete for the grand American handicap honors, representing the championship of the world. The preliminary shooting began at Blue River park with bright, clear weather. This is the first time that the annual tournament of the interstate association has been held outside of New York state. Nearly 500 contestants from all parts of the country are here.

Lexington, Ky., March 31.—The condition of James R. Keene of New York, the millionaire turfman, is very much improved. His physician says he may get up. He expects to visit his farm at Castleton soon. He has been suffering with a cold and has not been seriously afflicted at any time.

SALIENT POINTS

Of Bill Prescribing Form of Government For Philippines.

Washington, March 31.—The senate committee on the Philippines completed consideration of the bill prescribing a form of government for the Philippines' information and caused Senator Lodge to report it to the senate after voting down the Democratic substitute by a party vote. The amendment provided for a census of the population of the islands and is as follows: "That whenever the existing insurrection in the Philippine islands shall have ceased and a condition of general and complete peace shall have been established therein and the facts shall be certified to the president by the Philippine commission, the president upon being satisfied thereof shall order a census of the Philippine islands to be taken, such census in its inquiries relating to the population as shall take and make so far as practicable a full report for all the inhabitants, of name, age, sex, race or tribe, whether native or foreign born, illiteracy in Spanish, native dialect or language, or in English, school attendance and ownership of homes, and such other information separately for each island, each province and municipality, or other civil division, for the needed information of the president and congress of the capacity, fitness and readiness of all the people of the Philippine islands, and of particular islands, provinces and municipalities and other civil divisions, for the establishment and maintenance in the Philippine islands, or certain of them, of a permanent popular representative of the government."

The following provision is made for the extension of the commission's authority: "That the Philippines commission meantime is hereby authorized and directed in their discretion to continue to establish additional municipal and provincial governments in the Philippine islands with popular representative government, so far and so fast as communities in such civil divisions are capable, fit and ready for the same, the qualification of electors in elections in municipalities and provinces to be the same as now provided by law for electors in municipal elections, and said Philippine commission, whenever they find other male inhabitants of lawful age in such municipalities and provinces capable, fit and ready for such extension, shall include the same among the electors, with the purpose of gradually extending to municipalities and provinces permanent popular government."

MANY MEN

Reinstated by Cincinnati Brewers. Fight Against Engineers.

Cincinnati, March 31.—Following the investigation and decision of President Samuel Gompers of the American Federation of Labor last week, it was thought that the lockout of the brewery workmen in Cincinnati, Covington and Newport was ended, but the United Brewery Workmen rejected all propositions and renewed the boycott and the fight on the engineers. The brewers reinstated many men who returned individually. Of the 1,500 men originally out, the brewers report that all have resumed except 200 or 300, and that all the breweries are operating with their usual capacity.

Busse Murder Case.

Des Moines, Ia., March 31.—Louis Busse, charged with murdering his wife June 18, 1901, was placed on trial at Waverly. The theory of the prosecution is that Busse married his wife in order to secure \$2,800 that she had previously obtained in a damage suit for seduction against another man. He proposed marriage without any previous courtship or acquaintance and was accepted. Eighteen months later, it is charged, that he cut her throat, placed her body on a feather bed and mattress, saturated the whole with kerosene and set it on fire.

Definite Statement Expected.

New York, March 31.—Announcement of the reorganization plan of the Mexican Central railway is expected in a few days. The directors, it is understood, have not passed final judgment on the scheme to refund the general mortgage 4 per cent and first and second mortgage bonds. Some definite statement dealing with the new interests in Mexican Central is looked for after the return to this city of E. H. Harriman.

Passengers Removed.

Woods Hole, Mass., March 31.—The crew of the Philadelphia and Boston steamer Indian, which struck on Sow and Figs ledge off Gutter Hunk, were taken off the stranded vessel. The four passengers who were removed from the Indian immediately proceeded to New Bedford. The steamer is reported as being in fair condition and there are hopes that she will be floated.

AGUINALDO IN COURT.

Noted Filipino Called as a Witness in a Law Suit at Manila.

HIS EVIDENCE IS NOT ALLOWED.

Two Members of the Filipino Commission Begin Action in the Civil Courts Against the Editor of a Spanish Paper.

Manilla, March 31.—Aguinaldo, with General Chaffee's permission, was in court, in answer to a subpoena calling upon him to testify in the suit brought against Senor Valdez, the editor of a Spanish weekly paper here, by two Filipino members of the United States Philippines commission (Dr. Pardo de Tavera, former president of the Liberal party, and Benito Legarda), but his evidence was not allowed, on the ground that the truth of the article complained of was immaterial. Dr. De Tavera and Legarda were also not called, for the same reason.

Career of Suicide.

Terre Haute, Ind., March 31.—Everett G. Baker, who attempted suicide at St. Louis Saturday, came to Terre Haute last November from Harrisburg, Ill., with his brother-in-law, Charles Jones, to engage in the restaurant business. They purchased a restaurant from Peter Harvey. The two men remained in partnership until January. His wife left him shortly before that time. She is now living with her sister, 925 North Sixth street. Before removing to Terre Haute, Baker was an assistant cashier in the Harrisburg bank, and Jones was in the grocery business there. Mr. Jones still owns the restaurant on Ninth street.

Gavel of Philippine Hardwood.

Washington, March 31.—Speaker Henderson called the house to order with a gavel made from Philippine hardwood. It was presented to the speaker of Amos W. Brandt, a citizen of Des Moines. Immediately after the approval of the journal, the house went into committee of the whole and entered upon the consideration of the sundry civil appropriation bill. Mr. Cannon, chairman of the appropriation committee, who was in charge of the measure, in a brief preliminary statement, explained that the bill carried \$19,323,895, being \$12,455,542 less than the estimates and \$12,572,120 less than the current law.

Was the Promise Kept?

Chicago, March 31.—The interstate commerce commission met here to investigate packing house and grain rates between St. Paul and Kansas City and Chicago. At the last meeting the testimony showed that the annual good resolutions of the roads in regard to rates had promptly gone to smash in the time honored way. Rebates had been paid, and one road admitted having destroyed its books because the commission might want to see them. It was promised, however, that rates should be maintained and the meeting was called for the purpose of seeing how well this promise has been kept.

Substitute Offered.

Washington, March 31.—Mr. Lodge, chairman of the committee on Philippines, reported to the senate the bill temporarily to provide for the administration of the affairs on the civil government of the Philippine islands. He said in submitting the report, that he hoped to call up the measure for consideration at an early date. Mr. Rawlins (Utah), of the same committee, offered an amendment to the Philippine government bill, in the nature of a substitute for it. It represents the views of the minority of the committee.

Stolen Goods Recovered.

Lorain, O., March 31.—On Jan. 18 the clothing store of Abe Polster of this city was burglarized and a large quantity of clothing carried away. John Stanley was arrested at West Jefferson, charged with the crime. Marshal Kaveney drove out into the country north of this place and recovered a large amount of the goods, which have been identified by Polster.

No Change of Government.

Washington, March 31.—A cablegram was received at the Colombian legation here from the minister of foreign affairs at Caracas entering a positive denial of the report that there has been a change of government in Colombia. The minister added that everything is quiet in the interior of Colombia and the government is unchanged.

To Buy Telephone Exchange.

Canton, O., March 31.—The Canton board of trade proposes to buy the Stark County Telephone exchange. An option has been taken for \$250,000 the result of the telephone war.

The Herald bitterly attacks the beef trust, alleging that by its latest advance in prices the trust is squeezing the people for \$100,000,000 more than it did the year before. "Absolutely controlling trade aggregating \$600,000,000 annually," the Herald says, "the unofficial combination of interests known as the beef trust, has succeeded in so completely dominating the provision markets of the United States that independent competition is killed. The latest 'squeeze' by the trust is the boldest on record." Wonder if the Herald thinks that trusts are "beneficent" organizations.

Good! Another attempted Goebelite steal and inquiry has gone the road of all bad things. The Farris registration bill, which had passed both houses, has disappeared and can't be found. It is believed to have been lost, but the grand jury of Franklin County may investigate. Let the heathen rage. Thus do the coils of defeat and fate tighten around all things pertaining to Goebelism.—Dover Public Messenger.

Goebel is dead as a result of a Republican assassin's bullet,—one of the foulest crimes ever committed. The general opinion is that the Farris registration bill was stolen or destroyed by some Republican. Choose ye, between Goebelism and Republicanism.

The Buffalo Courier grows sarcastic in its discussion of the attack on General Miles. It says:

Oh, yea, retire Miles, for, although his career has been glorious, he has no sympathizers among the people! Admiral Schley, the victor of Santiago, has no sympathizers; Admiral Dewey, who destroyed the power of Spain in the Orient, has none, nor have those impertinent gunners who wanted commissions, having passed every qualifying examination, but were rejected because of their ignorance of the proper wording of an acceptance to a pink-tea invitation. The sympathy of the great, free people of this land is, of course, all with the arrogant class seeking the mastery in every phase of American life. It may be hoped that the discipline of caste will a while longer hug this impression.

The Courier-Journal calls attention to the fact that the sale of 5,000 hogsheds of tobacco on the Louisville breaks weekly means the distribution of nearly half a million dollars throughout the State every week. But it adds this significant statement:

While this raw material yields large cash returns to this and other Southern States, the profit would be much greater if it were worked up into the finished products at home. Kentucky has made a start at this, having more independent tobacco factories than any other State in the Union. Many of these are doing well, and are backed by large capital. Every dollar they pay out for labor goes to benefit the State, and also the profits they are able to make. It is a pity the great bulk of Kentucky's natural monopoly is not worked up here. If it were, it would mean many millions more than it does now.

There is no good reason why the great bulk of tobacco grown in Kentucky should not be converted into the manufactured article here in the State. It would add millions to the wealth of the people. And please hear in mind there is no better location in the State for such factories than right here in Maysville.

The South African war is now in its third year. It commenced in October, 1899, with the promise of the famous Christmas dinner in Pretoria, that only an army of 47,000 and a cost of \$49,000,000 would be called for. That was the faith of the English government and people. Instead of 47,000 men, the British Secretary of War, Mr. Brodick, says, "The war office to-day is feeding 300,000 men and 243,000 horses in South Africa." Instead of \$49,000,000 Parliament has appropriated altogether for this war \$704,948,300. A large part of the estimate for the current year must go to the same purpose. It is estimated that at the close of the fiscal year, on March 31, the cost of the war will have reached \$544,000,000. "It will not be surprising," says an exchange, "if it runs up to a round \$600,000,000 before the war is finished. The cost of life and in suffering in this great war has been still more extraordinary than the money loss. The Boer loss is not accurately known, but the mortality in the prison camps, added to that in the field, has been large. The total loss to the British in killed and wounded has been 100,701 men and 5,240 officers.

STILL MISSING.

The Farris Registration Bill Traced to the Senate Enrollment Committee But Can't Be Located.

The Farris bill, providing for certificates of registration for voters in cities and towns, is still missing.

"The bill has been traced," says a special from Frankfort, "from the day of its adoption by the Senate, in which body it originated, through the House, the hands of the Senate Enrolling Clerk, the officials of the House and into the hands of the Enrollment Committee of the Senate. There all trace of it is lost.

Chief Clerk Stone, of the House, last saw the bill on the morning of March 17, when, after it had been compared in open session and signed by Speaker Finn, he placed it in a bundle with several others and handed the package to Miss Amy V. Lyons, Enrolling Clerk of the House. Miss Lyons recalls clearly that on that morning Mr. Stone handed her this package. She did not know the number of the bills contained therein. She took it across the rotunda of the Capitol into the Senate Chamber.

Senator Porter, Chairman of the Enrollment Committee of the Senate, was not in the chamber, being indisposed and confined to his room. She offered to leave the bills with Senator Carroll, of the committee, but he referred her to Senator W. H. Cox, of Mason County, also a member of the committee and acting that morning for Chairman Porter. Senator Cox was not in the chamber at the time and, as the Enrolling Clerk turned to leave the chamber, she met Senator Cox in the doorway. He took the package of bills from her.

A dispatch from Lancaster states that Senator Farris says the bill was reported back to the Senate and signed. What became of it after that is what is puzzling the parties interested in the measure.

FAIR EXCHANGE.

FIERCE

Arraignment of Debenture Companies is Made by the Grand Jury at Lexington.

LEXINGTON, Ky., March 29.—The grand jury returned a sensational report regarding investment or debenture companies at the conclusion of its sitting to-day. It explained that it had only sufficient time to investigate one company, and recommended that a special grand jury be called to investigate the other eighteen companies, about six of which have assigned within the last few weeks.

The Central Mutual Deposit Company was that examined and reported upon. C. H. Bush, W. P. Richardson, M. F. Griffin and J. W. Richardson, officers of the company, indicted on the charge of imbezzlement, are all prominent business men. They are charged with "converting to their own use money, the property of the company, by pretending that the same was a dividend, when they knew none of the capital stock held by them had ever been paid in, and that it had never earned any dividend."

In speaking of the companies which have assigned the report says: "We are informed that said so-called financial institutions are absolute wrecks, and that those persons who have placed money in them will receive practically nothing."

Sale Postponed.

The sale advertised for April 5th by J. T. Johnson has been postponed indefinitely.

FORTUNES IN OIL!

Kentucky just now is attracting prospectors from all over the land. The wells already sunk prove it a very rich oil producer. MONEY INVESTED NOW MAY DOUBLE OR QUADRUPE IN LESS THAN A MONTH.

Our holdings consist of about 5,000 acres in Wayne County, near the great Sunnybrook field, about 6,000 acres in Lincoln County, and 600 acres in Licking Valley in Bath County, close up to Ragland. Our first two wells near Ragland are producers. We have started to drill in all three counties, and expect to strike oil in every well. We are still acquiring valuable lands in addition to those already secured, and lying in close proximity to the greatest developments in the State.

A limited amount of the treasury stock will be sold, at \$5 per share, par value of shares \$10 each. This stock will, we confidently believe, be selling for par in thirty days.

MILLINERY OPENING!

NO ADVANCE EXHIBIT; ALL INVITED---FIRST SHOWING OF SPRING MILLINERY---NO SPECIAL INVITATION OR PRIVATE EXHIBIT.

This is our only invitation, and it's addressed to you. We believe this 1902 collection to be the choicest ever gathered at Maysville. But we're prejudiced; perhaps it's not. Better leave that to your judgment. This, however, may be confidently claimed—that it reflects the latest London and Parisian fashions as a polished prism reflects light. It holds up the mirror to the mode. Bigger stocks may be seen in some of the larger cities, but none choicer; and what's more, NO FANCY PRICES.

Rev. Mr. Laird, of Millersburg, will assist Rev. W. T. Spears in a sacramental meeting at Washington, beginning Thursday night.

Thieves are running the risk of destroying the goose that "laid the golden egg"—Mr. David Hunter having had the most of his setting hens carried off in Saturday night's raid.

Mr. Arthur Hudson, of this city, was relieved of a gold watch by a pickpocket Sunday afternoon while standing at Fourth and Vine streets, Cincinnati, watching the fire at Pike's Opera House.

The wedding of Miss Mary Lindsey, daughter of ex-Senator Lindsey, and Mr. Frank O. Suire, of Cincinnati, will take place at Wequetonsing, Mich., during the latter part of next August. Senator Lindsey and the Suire both own cottages at that summering place.

BOARD OF EDUCATION.

New Rule Adopted Last Evening For the High School.

Only One Principal After This Session. Division of School in a Boys' and Girl's Department Abolished.

At the monthly meeting of the Board of Education last evening, all members were present except Messrs. Hunter, Calvert and Samuel.

The resignation of Mr. Hunter as a member from Fourth ward was presented and accepted. Mr. Sallee, the other member, from that ward, was authorized to name Mr. Hunter's successor, and asked for time to consider the matter.

It was decided that all applications for positions as teachers should be filed without being read.

The Treasurer reported receipts of \$1,239.54.

The Secretary reported collection of \$15 on tuition.

The question of erecting a new High School building was discussed at some length. The matter was finally referred to the Finance Committee.

The Finance Committee was directed to go before City Council and ask for levy for school purposes for ensuing year. The amount of the levy was not named.

Profs. Thomas, Reganastine and Swift were authorized to take the white census and Prof. Reed the colored census, each to receive \$20 for his work.

The following rule was offered by Mr. Helser and was adopted:

Sec. 1. Be it enacted that the male and female High Schools of the city of Maysville are hereby abolished and that all rules and regulations governing them are hereby repealed.

Sec. 2. To take the place of these schools there shall be one co-educational High School, which shall have a male Principal, whose duties, powers and liabilities shall be the same as those specified by the school manual of the city of Maysville for district Principals, and as many assistant teachers as the school may require.

Sec. 3. All grades below the High School building shall be under supervision of the High School Principal the same as the grades of his own school.

Sec. 3. The provisions of this rule shall take effect after June 30th, 1902.

There should be cards struck informing "gemmen" that the bloodhounds have arrived, and that they are running great danger of being run down by them on their predatory excursions.

The front gate at Mrs. Geo. T. Wood's home on Forest avenue was carried off last Saturday night by thieves or some drunken rowdies. The parties may find it a rather costly affair if they fail to return it.

The "Fall of Atlanta" was witnessed by a large audience at the opera house last night. For an amateur performance it was very good, but was too long drawn out. The dancing and singing by Miss Edith Means, the flag drill, and the specialties by Seeker, Wilkes and Rastus delighted all.

Mrs. Eliza Hunter, wife of Mr. James S. Hunter, died last Saturday morning about 8 o'clock at their home near Millersburg. Her death was very sudden and unexpected. Her husband survives, with two children, Mrs. Anna Jefferson and Mr. John Hunter. She leaves a number of relatives in this county. The funeral took place Sunday at 2 p.m.

If you want to purchase the purest and best goods on earth go to G. W. Senator W. H. Cox arrived home Monday afternoon from a visit to his family who are wintering in Florida. He reports his daughter, Miss Roberta, convalescent from a severe attack of scarlet fever, and otherwise improved in health, all of which will be very gratifying to her many friends. The Senator's family have found the balmy breezes of Florida very beneficial and quite invigorating.

The Kearney (Mo.) Clipper says: "William Chanslor has bought a farm near Harrisonville, Cass County, and will move down about the 1st of April. He thinks he secured a bargain in his new home, which is located in a good community and a healthy location. We regret to lose Mr. Chanslor and his charming wife from our midst, but as they have decided to go, we wish them success and pleasant surroundings in their choice of a new home."

Dersch's Saloon Visited by Thieves.

Mr. John H. Dersch's saloon on Wall street was entered by thieves last night who secured about \$6 or \$7 out of the money drawer, and helped themselves to the liquors. Entrance was effected through the rear door, after an unsuccessful attempt had been made to open the front door.

MUTUAL INSURANCE COMPANY.

It Will Be Chartered as Soon as Agreements Are Secured For \$100,000 Insurance—The Plan.

At a recent meeting in furtherance of the movement to organize a local fire insurance company, the following officers were elected, to whom all persons desirous of fostering such an enterprise are requested to give their names, with the amount of insurance they wish to take in the company:

President—Wm. Quantance.
Treasurer—Dr. J. A. Reed.
Secretary—J. M. Collins.

Directors—Wm. Quantance, Dr. J. A. Reed, J. C. Rains, E. A. Carr and M. F. Coughlin.

It is necessary that agreements for \$100,000 of insurance be procured before the company will be chartered by the State, so that as soon as that amount is procured the company will be at once chartered to do business. The company will be conducted on practically the same plan as the Farmers' Mutual, which has been such a great success in Mason County, except such modifications as are necessitated by the different character of property insured.

The company will have no solicitor. As it is solely a mutual company, and while of general interest to all, it is of special interest only to those who wish to have insurance in it, it is hoped that all property owners who desire cheap and safe insurance will lend their assistance to making it a success.

There will be no two consecutive risks taken in the same row, and where two such risks are applied for that first applied for will be accepted.

Considerable of the necessary \$100,000 insurance has already been spoken for, and it is hoped that the company will be able to procure its charter in a few days and be ready for business.

The Boston Lyric Opera Company at the Washington Opera House.

Commencing Friday evening, April 4th, and for the remainder of the week with matinee on Saturday. The Boston Lyric Opera Company of fifty people, a grand chorus and augmented orchestra will be the attraction at the Washington Opera House. The company is composed of many well known artists, among whom are, Miss Bertha Davis, soprano, who has won fame for her brilliant voice and clever acting in several leading grand, standard and light operas; Miss Mabel Day, soprano, Miss Maude Leekley, contralto, whose strong and magnificent voice ranges from low F to high C; Miss Della Niven, contralto, another of America's song birds, whose voice has captivated thousands in this country and England; Martin Pache, tenor, an American who is well and favorably known throughout this continent; Joseph Frederick, tenor, who has recently returned from Italy, where he has been studying under the best masters; John J. Raffael, baritone, one of the best known English singing grand opera baritones; Daniel Cantori, baritone, a pupil of Leoni, Milan, Italy, who has won fame for himself by his artistic singing and acting, both in Europe and this country; S. P. Veron, basso, who has few if any equals among English opera artists, American born; Frank Maslin, basso, who has been before the American public about three years as a soloist of much merit. All operas are sung in English. "II Trovatore" will be sung Friday evening, "Bohemian Girl," Saturday matinee, and "Carmen," Saturday night. Seats on sale Wednesday.

Mrs. Martha Davis has been confined to her home with a severe case of inflammatory rheumatism the past few weeks.

The series of meetings that has been held the past two weeks closed Sunday night.

Mrs. Hulda Souds and her two little daughters, of Ripley, are guests of her father, Mr. Samuel Sweet.

D. B. Jenkins, of Maysville, visited his father, Walter Jenkins, Saturday and Sunday. Mr. Jenkins reports he is delighted with his new home.

Miss Emma Hord and Mrs. Amanda Briley, of Pleasant Ridge, visited friends here the first of the week.

PITHY POINTS.

The green season has opened, and it's a "groundhog case."

The enemies of freedom can scarcely be called the friends of America.

The British are in a dire dilemma in South Africa, as they are in a position where they can scarcely hold on nor yet let go.

Some Indians who disliked all the courts that tried the Goebel assassins are now up in arms against the Cuban court that found against the Indiana-postoffice thieves at Havana.

"More haste, less speed," and "hasten slowly," are proverbs born of experience that some things can't be hurried without loss and waste. That is specially true of eating. The railway lunch habit, "five minutes for refreshments," is a habit most disastrous to the health. You may hurry your eating. You can't hurry your digestion, and the neglect to allow proper time for this important function is the beginning of sorrow to many a busy man. When the tongue is foul, the head aches, when there are sour or bitter risings, undue fullness after eating, hot flushes, irritability, nervousness, irresolution, cold extremities, and other annoying symptoms, be sure the stomach and organs of digestion and nutrition have "broken down." Nothing will re-establish them in active healthy operation so quickly as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, nourishes the nerves, purifies the blood, and builds up the body. It is a strictly temperance medicine, containing no alcohol or other intoxicant.

Given away. Dr. Pierce's great work, The People's Common Sense Medical Advisor, is sent free on receipt of stamps to pay expenses of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.
